Report of the Secretary of State, of the State of Nebraska, <fiscal year ending November 30th, A.D., 1876>

Biennial report of the Secretary of State of the State of Nebraska, two years ending November 30, 1878-<two years ending November 30, A.D. 1884>

BIENNIAL REPORT

OF THE

SECRETARY OF STATE

OF THE

STATE OF NEBRASKA,

FOR THE

TWO YEARS ENDING NOVEMBER 30, 1882.

TO THE

GOVERNOR.

LINCOLN, NEB.:
JOURNAL COMPANY, STATE PRINTERS.
1882.

STATE OF NEBRASKA,
SECRETARY'S OFFICE,
LINCOLN, December 7th, 1882.

To his Excellency, Albinus Nance, Governor of the State of Nebraska:

SIR—Pursuant to the requirements of law, I have the honor to submit herewith the biennial report of this department, embracing such information as the statute requires.

I have the honor to be,

Very respectfully,

Your obedient servant

S. J. ALEXANDER,

Secretary of State.

REPORT, 1881-1882.

INTRODUCTORY.

The subject matter contained in this report and embraced in the accompanying tables covers in detail the transactions of this office for the term ending November 30, A. D. 1882; and the convenient form in which all statistical matter is arranged and placed before your Excellency, will enable you to more clearly inform yourself officially of the doings in this branch of the Executive Department of our State for the period since the date of the last biennial report of the Secretary of State.

It will be observed by your Excellency in a careful perusal of its pages, that from the increased amount of work performed that the work of this office, and the varied duties which devolve upon the Secretary of State, that his duties have very materially increased during the past two years.

This fact will be better evidenced by a reference by you to the subdivision of this report entitled "Fees," wherein it is shown that the sums received by this office for work performed has more than doubled in amount that received for any previous two years since the office was created.

I would also invite your attention to the several recommendations incorporated in my report, the deductions as made therein being the result of an experience and practical knowledge of the subjects discussed.

COMPILED STATUTES, SESSION LAWS AND JOURNALS.

At the sixteenth session of the Legislature all the public acts then in force, including the revision of 1866, and the acts of a general nature passed at said session, were ordered compiled and put into chapters with appropriate heads and titles, with marginal references to the decisions of the Supreme Court. This compila-

tion, as the law directed, was published by Hon. Guy A. Brown, State Librarian, and the copies thereof were purchased by the State at two dollars and fifty cents per copy, an appropriation of eight thousand seven hundred and fifty dollars being made by the Legislature for the purchase of thirty-five hundred (3500) copies of these said statutes.

The act containing this appropriation also included an item directing copies of this compiled edition of the statutes should be distributed by the Secretary of State to the same officers as the general statutes of Nebraska for 1873 were so distributed.

Agreeably to this provision of law, I have the honor to submit herewith an itemized statement showing the number of statutes of 1881 delivered to each county, and for which legal requisition has been made upon this office. In this connection will also be found the number of session laws of 1881, the extra session of 1882, the journals of both Houses of the Legislature for 1881, and the extra session of 1882, which have placed in the hands of the several county clerks for distribution, as the law requires.

County Commissioner, one year	Jesse Love.
" " two years	S. A. Myers.
" " three years	
Commissioners of Insanity	A. J. Bell.

CENSUS.

Provision is made under the present law on this subject for an annual enumeration of the inhabitants of this State, but since the Federal enumeration of 1880 was made the counties have not all responded thereto, and a full and complete return for the years 1881 and 1882 cannot be made in this report, the provisions of the law are believed by competent legal authority to be in full force and effect, yet with all, a rigid enforcement of its provisions would seem like working a hardship upon the counties who have felt unable to bear the expense which which would necessarily attend the taking of the same. The wording of the constitution is such that an enumeration of the inhabitants of the State should be made in the year 1885, and every ten years thereafter; such being the case, I can see no reason why the present law should not be repealed, thus relieving the counties from an obligation not intended by the framers of our constitution.

Moreover, it is believed that when the proper time arrives for the taking of a census for 1885 a law can be drafted that will be more practicable in its effect and contain less of the incongruities and defects that the present law has been noted for.

As a matter of statistical information I have appended herewith a table showing the number of inhabitants by counties, the State has contained from the year 1855 down to the present time, less the counties who have made no report thereunder:

COMPARATIVE STATEMENT.

Showing the population of counties from 1855 to 1882.

PUBLIC PRINTING.

Under the provisions of Section 4, Article 2, of Chapter 83 of the Compiled Statutes of 1881, in connection with other official duties devolving upon the Secretary of State, it is made a part of the work of this office to report to your Excellency a schedule of the prices paid by the State for its several classes of public printing under the several contracts, as the case may be. awarded by the State under the present law on that subject.

I have therefore caused to be appended herewith in appropriate form a copy of the schedule of prices paid for the past two years, viz: 1881 and 1882, also the same matter similarly arranged for the forthcoming two years, viz: 1883 and 1884, and as awarded by the State Printing Board of Audit at a meeting of said Board on the 6th day of December, 1882, at which time proposals were received as follows:

On Class One, from the State Journal Co., of Lincoln, Henry Gibson, Omaha, and the Tribune Printing Co., Lincoln.

On Class Two, State Journal Co., Henry Gibson, Tribune Printing Company and C. E. Yost.

On Class Three, State Journal Co., Henry Gibson, Tribune Printing Co. and C. E. Yost.

On Class Four, State Journal Co., Henry Gibson, Tribune Printing Co. and C. E. Yost.

On Class Five, State Journal Co. Henry Gibson, Tribune Printing Co. and C. E. Yost.

On Class Six, State Journal Co., Henry Gibson, Tribune Printing Co. and C. E. Yost.

On Class Seven, State Journal Co., Henry Gibson, Tribune Printing Co. and C. E. Yost.

The bids from the following firms:

On Class One, Tribune Printing Co. Lincoln, Neb.

On Class Two, Henry Gibson, Omaha, Neb.

On Class Three, State Journal Co. Lincoln, Neb.

On Class Four, Tribune Printing Co., Lincoln, Neb.

On Class Five, State Journal Co., Lincoln, Neb.
On Class Six, Tribune Printing Co., Lincoln, Neb.
On Class Seven, State Journal Co., Lincoln, Neb.

were on examination found to contain the lowest bids for their respective classes, the award was so made and a contract entered into accordingly with the parties on behalf of the State.

The prices under the present contracts, which are now in force, will be observed to be considerably below those made by the State for the former term of years, thus enabling the State to very materially reduce its expenses in this direction.

Notwithstanding this favorable showing, it is confidently hoped that the forthcoming Legislature will take such steps as will bring about a thorough revision, if not an entire repeal of the present printing law, and substitute in its place an enactment that will give to the State a more practicable and common sense law than the State is now operating under.

My recommendations in the premises in view of this anticipated legislation, are as follows:

First. That under the proposed law, that proposals be asked for on all forms of blanks, complete, at a stated price per quire, paper to be of required weight aud substance.

Second. That proposals be asked for on all work specified as laws, journals, pamphlet work, etc., at a stated price per page, the price mentioned to include all labor and material necessary to publish the work in complete form.

Third. That proposals be asked for on all blank book work at a stated price per quire, with a fixed price extra where a printed head or page is required, the price mentioned to include all labor and material necessary to complete the book.

Fourth. That proposals be asked for on all bills and resolutions, or other matter to be printed for the House of the Legislature in bill form at a stated price per page, each page to contain a certain amount of matter. Yea and nay lists to be furnished at a stated price per quire.

Fifth. Requiring the several departments to prepare and submit at a stated time a sample of all work needed for their respective offices for a given period to the Secretary of State for exhibit under the proposals that may be invited thereon.

Sixth. To continue the present Printing Board of Audit with a general supervisory power.

The duties now devolving upon the Printing Board of Audit, under the operations of the present law, are such as should naturally fall to experts in this particular line of public business, and not to public officials who are wholly unexperienced in this direction as the present law would seem to contemplate, as it cannot be expected that these officers who compose the Printing Board from one administration to another, can have more than a mere superficial knowledge of their several duties as now imposed, to meet this matter in the interest of the public good, the remedy is suggested as aforesaid, embodying in the legislation suggested a practicable solution of the whole matter involved, and it is believed that if such an enactment can be had embracing the general features just mentioned to Your Excellency, that as a result thereof, better prices and work can be obtained for the State, and a more intelligent understanding can always be arrived at between all parties concerned.

PRINTING CONTRACTS

FOR THE

Years 1880–82 and 1883–84.

CLASS ONE. 1880—1882.

Bills and Resolutions or other matter to be printed for the Legislature in Bill Form, and Yea and Nay Lists.

NAMES OF BIDDERS.	1000 ems composition, small pica.	Quires, 24 impressions press-work.	Quire, 14 lbs. per ream, flat cap.	Ems composition for yea and nay lists.	Quire cap, yea and nay.	Quires, 24 impressions, press-work.	REMARKS.
H. D. Hathaway.	40	5	19	40	59	5	Awarded.

NOTARIES PUBLIC.

This subject has been referred to again at this time more particularly to bring to your Excellency's notice, the pressing and urgent need of an increase in the number of these officers in the several counties of this State, and the hope is expressed that adequate relief will be afforded in this direction at the forthcoming session of the Legislature.

The quota of these officers for the several counties is at the present time limited to three for each one thousand inhabitants in each county, the same being estimated upon the basis of six persons for every vote cast for the office of Governor at the State election, provision is also made that each county may have not less than twelve notaries public.

The quota on these appointments for the past two years, has been based upon the vote cast for Governor in our State at the election of 1880. By comparing this vote with that of the vote cast at the present year, and under which a new quota will be made, it will be observed that but a slight increase has taken place, while on the other hand, as your Excellency is aware, the number of applications for these appointments has more than doubled. The relief needed to meet this pressing demand should be met by the abolition of all limit in the number that each county shall receive in the way of these appointments, thus allowing all who may see fit to apply for these appointments, and who can bring the requisite indorsements in their favor, to receive a commission.

The office of a notary public is not in itself profitable. Nothing whatever attaches to it but the mere convenience that it affords to the public, and as no valid reason can be advanced why their number should be limited, I would therefore urge the enactment of a law embracing the foregoing suggestions just made, as it is known that the results that will follow will better subserve the public interests of the State.

CORPORATIONS.

Appended to this article will be found a list of companies which have availed themselves of the incorporation laws of this State. The table embraces all corporations commencing business in Nebraska during the past two years, both as to railroad corporations and corporations of a miscellaneous character, and will be found of interest to all concerned.

Many defects have been noticed in our laws upon this subject, the details of which cannot be entered into in this report, as the nature of these discrepancies partake more of a legal inquiry than this office is capable of entering into. Referring, however, to so much of the subject as this office is directly interested in, I would say that the fee for this work should be increased by placing the charter fee on railroads at ten dollars, and the fee for charters on miscellaneous corporations at five dollars, this fee to include the filing and recording of the certificate and articles of incorporation.

Provision should also be made for the issuance of a certificate by the Secretary of State, showing the date at which the certificate or articles were filed in this office, that the public may be better apprised as to the time when these said corporations are authorized to commence business in this State.

ABSTRACT OF ARTICLES AND CERTIFICATES OF RAILROAD INCORPORATIONS AND AMENDMENTS AND NOTICE OF INCREASE OF CAPITAL STOCK.

NAME.	Articles or Certificates.	Place of Business.	Capital Stock.	When filed.	INCORPORATORS.

COMMISSIONER OF DEEDS.

I beg leave in this connection to submit herewith, a list, by states, of the names of all persons who have qualified under their appointment from your hands, as Commissioner of Deeds for Nebraska for their respective states and territories, together with their official residence, and the date at which their term of office expires—this information publicly given, has been of considerable service to the public in the past, and as the list has been revised to a date to correspond with the date of this report, the same is again officially promulgated.

Considerable pains has been taken by this office to obtain a list of the names of all persons now residing in this State who hold such commissions from the states and territories of the United States, but answers received from interrogations forwarded, have elicited the information that at the present writing only one or two persons are now acting.

COUNTY, PRECINCT AND DISTRICT SCHOOL BONDS.

Agreeably to a constitutional and statutory provision it is made the duty of the Secretary of State in conjunction with the Auditor of Public Accounts, to examine all bonds of the kind aforesaid, as are submitted to them, and if the same are found upon examination to have been issued pursuant to law, then to add their certificate to that effect. By reference to the accompanying table it will be noticed that holders of these classes of our county securities have availed themselves, to a very liberal extent, of the advantages accruing to them under this just and wise provision of our laws.

And it is but proper to add in this connection, that since the enactment of the several laws bearing upon this subject, that the salutary effect made thereby upon our securities has been more than once commended by the leading financial agents of our country, and it is believed now that with the safeguards which are thrown around the issuance of these securities, that in the future, the bogus and reckless peculation of adventurers will cease, and that these Nebraska securities will occupy a place in our money markets equal to the best and most approved securities extant.

ARCHIVES.

During the past year the removal of the Secretary's effects from the old capitol building into the new quarters assigned this office in the west wing has taken place; these new and commodious rooms as now occupied have been found sufficiently large and convenient for the ample preservation of all records and manuscripts intrusted to my care, and the increased facilities thus afforded will place the public records of this state in such shape, that no danger may ever be apprehended hereafter for their complete safety.

In addition to the vault rooms adjoining the present suite of rooms now occupied by the Secretary of State, an additional or storage vault in the basement was added in the construction of the building. This vault is without flooring or plastering, and affords no protection from moisture that always attends basement vaults. A small appropriation is needed to complete this vault, and the same is asked for in my estimate accompanying this report.

LEGISLATIVE HALLS—SENATE CHAMBER AND HALL OF THE HOUSE OF REPRESENTATIVES.

The completion of the two wings to the State House at this time will permit of their occupancy by both branches of the Legislature at the present session, and the increased capacity thus afforded will result in ample and convenient quarters for the transaction of the public business incident to these bodies.

Everything necessary for the proper preparation and furnishing of these Halls and the adjacent committee rooms, has been performed by the Secretary of State as the law provides, and it is believed that nothing is now lacking in these new quarters for the comfort and convenience of the members of the Legislature who will occupy them from this time on at their stated meetings.

CONCLUSION.

This report will bring to a close to a great extent my duties as Secretary of State, and it is with pleasure that the opportunity affords itself of returning to your Excellency my most earnest and sincere thanks for the thoughtful consideration you have always bestowed upon the public business of this office that has been brought to your official attention during your administration of the affairs of this State as the Chief Executive.

It is also but fitting to acknowledge with grateful recognition, the many official courtesies received from the other State officials, and in so doing the hope is confidentially expressed that by this pleasant interchange of duties, much good to the public service has accrued therefrom.
